Dear Allen,

On a vacation trip here in your lovely country, I am spending a few days in Washington and I was greatly looking forward to seeing you again after so many years. I was sorry to learn that you are out of town and to have missed you therefore. It is wonderful to be here again!

Tomorrow I am leaving - via New Orleans - for Mexico, a country entirely new to me. I shall be back in New York from October 5th until October 10th when I am sailing back --- to BBC.

Just in case you are in New York during that period, I give you my address there as it would be wonderful to meet or hear you again:

Hotel Barbizon Plaza, South Central Park.

I trust that you are well as one needs good health indeed in dealing with the present state of affairs all over the world!

With best wishes and kindest regards,

Sincerely yours,

Molly Bessermann
